# THE BLACK WIDOW

MICRO, NORTH CAROLINA

# FOREWORD

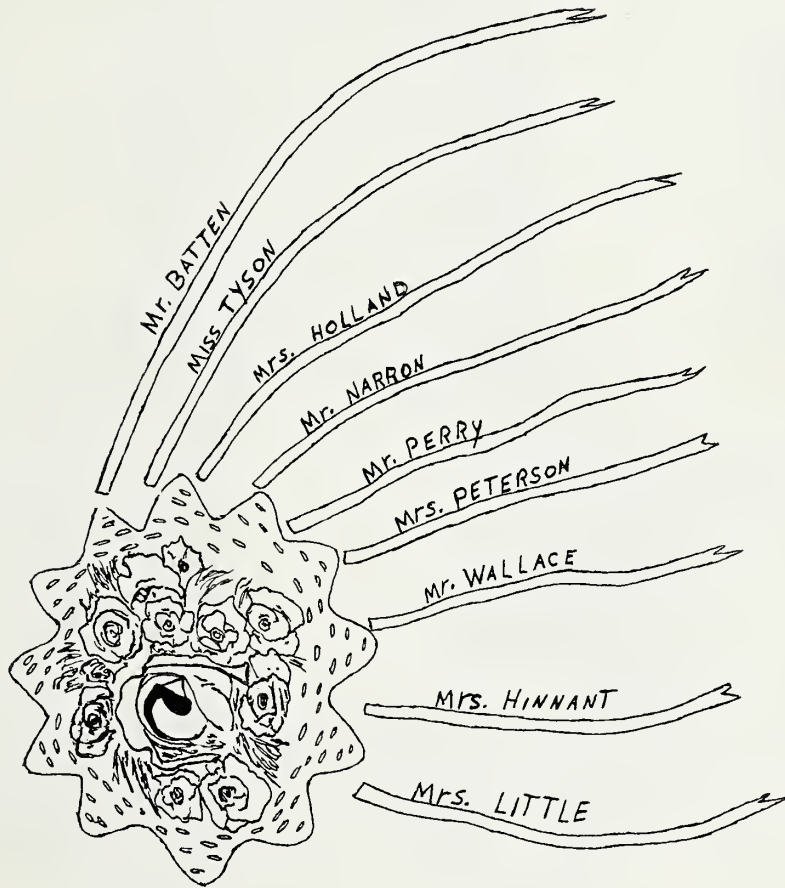

The memory of this book will remain forever in the hearts of the Seniors of 1958. With great pride and sense of achievement, this annual is dedicated to the task of recording very previous memories of our high school years.

We hope that, in years to come, as you turn through the pages of this, the 1958 edition of **THE BLACK WIDOW**, you will relive in memory your days at Micro High School. We then shall have accomplished our purpose.

# *Class History*

We, the class of 1958, shall always remember the years of 1946-1958 with a smile on our faces and many fond memories in our hearts. During these years our minds have been filled with knowledge and our lives with much happiness.

It seems only yesterday that 72 first graders received their first taste of school life. After the first day or two we got used to it under the guidance of our teachers, Miss Mary Edwards and Mrs. Charles Stepp. We were promoted to the second grade as very brilliant students.

Mrs. Juanita Bailey and Mrs. Nona Smith had the honor of teaching the 68 of us during nine hard months of study and at last promoted us to the third grade. It was this year that we lost Mr. L. J. Worthington, our principal, but gained another very likeable man, Mr. J. G. Feezor. Mrs. Eula Boyette and Mrs. Nona Smith introduced the 70 of us to the subject known as English. Mrs. Wilhelmina Pittman and Mrs. Lillian Wall tutored the 71 of us through the fourth grade and promoted us to the fifth. During the beginning of this year we noticed many changes; we had decreased in number to 55. Mrs. Ruth Pittman and Mrs. Sadie Richardson were our teachers and the event which remains the clearest in our minds is the first look we got at our new principal, Mr. J. W. Batten, whom we all loved from the beginning.

With 56 students enrolled we entered the sixth grade under the guidance of Mrs. Lillian Wall and Mrs. Esther Pennington. We had a very successful year. The remaining 49 of us were greeted by Mrs. Esther Pennington and Mr. John Creech when we entered the seventh grade. We realized we had reached a turning point in our school career. Mr. Alton White and Mr. John Creech prepared the 48 of us for high school.

Forty-nine students came into the high school halls to find that everything was completely different from any school routine we had ever known. We were a little green at first in getting accustomed to our surroundings, and to the routine of changing classes but quickly got wise to the idea with the help of Mr. Horace Thorne.

Mr. Alvin Narron Jr. directed 44 sophomores through the tenth grade and prepared us for our Junior Year.

Our Junior Year was a series of exciting events along with our studies. The highlights of our Junior Year were our Junior Play, the Junior-Senior Banquet with which we honored the Seniors of 1956-57, and as a climax of the year, the 37 of us, along with the Seniors made that long awaited trip to New York. The trip will linger in our minds as one of the biggest highlights of our school career.

At last, we were dignified Seniors and this made the 34 of us want to shout with glee. Shortly after the year began, we received our class rings, and on December 5, 1957 we gave the Senior Play. In the early spring of 1958 the Juniors honored us with a banquet, which shall linger in our minds as one of our most precious memories. Monday night, May 26, 1958, 34 Seniors received their diploma from our principal Mr. J. W. Batten. To Mr. Batten and the entire school faculty, we are indeed thankful for everything that they have helped us to accomplish, but to Miss Betsy Tyson, who was our Junior and Senior Sponsor, we leave the greatest amount of appreciation.

# Class Prophecy

It was in the year 1968, exactly ten years after I had graduated. I am a private secretary in Raleigh, N. C. As I sat at my typewriter that day my mind kept going back to the year 1958 when 34 boys and girls graduated from Micro School. How I wished I knew what all of them were doing now. When I went to bed that night, I was still thinking about it. I guess that must be the reason why this dream came to me. It's funny how it revealed where everyone was and what they were doing.

First of all, there was Doris Starling, now married with two children, and she was working for some large firm in Va. that I can't recall now. She was working just to have something to do, not because she needed the money.

There was Mary Ann Creech, a Commercial teacher in Bloomington, Illinois. She always was bright in Shorthand and Bookkeeping.

Next was Iris Herring down in Wilson teaching the first grade. This job just fitted her, and the students were doing fine with her as their teacher.

Sonja Medlin was a secretary for her husband in Warsaw, where they were the owners of a used car lot.

Jerry Parnell had enlisted in the air force just after he graduated. After he had served his time, he decided to re-enlist. During this time he had married and had a family of four boys. He was stationed in San Antonio, Texas.

Julia Ann Belcher had just recently taken Ann Southern's place as Private Secretary and was still trying to make Mr. Sands fall in love with her.

Bill Batten had graduated from State College and had received his degree in Electrical Engineering.

Jesse Aycock farmed for about a year and then decided to join the navy. He liked it so well that he decided to make it his career.

Cravon Capps and Jesse Pate were working in Kinston with the Dupont Company. You would think they needed to work since both of them had a set of twins and a wife to support.

Betty Luper and Helen Childress went through college with the ambition of being an elementary teacher. They were lucky enough to get a job at Micro and were liking it just fine.

Joe Daniels worked for the tobacco company a few years and then decided to start a company of his own. He had many secretaries, and two of these happened to be no one but Shelby Pierce and Louise Blackmon. They were making a good salary and taking it easy.

The Daughtry Brothers always stuck together in school, but they didn't go in the same directions after school. Reuben chose the navy while Elwood waited

for the army to call him.

At Rex Hospital was Virgie Warren now a registered nurse. She was taking care of the children at the time. She was really doing fine and enjoying her work very much.

Ed Aycock decided he had stayed around Micro long enough, so he joined the air force and is still with it.

Melba Pittman had a diamond when I saw her last, but she was now married, and she and her husband and children were living in Florida and were doing just fine. Married life just fits her. Those three years in Home Ec. are really paying off.

Jackie Brown was a Commercial teacher at a nearby town while Roger Langston was the principal. Royce Smith was there too. He had finally learned enough English to become an English teacher. The three of them were doing fine.

In Raleigh was Billy House with the Western Electric Company. This type of work is just the thing for him.

Frankie Parker and Milton Boyette stayed around Micro a few years and were drafted into the army. They have learned that it isn't quite as bad as they thought.

Jeanne Woodard and Evelyn Thomas were working side by side in Goldsboro as secretaries. They were thankful that they went back and finished school.

Donnie Watkins, now one of the most famous artists across the United States, is getting to be well known. He can really draw.

Wilbert Barbee decided that he didn't want just any job, he wanted a full time job, and he could get this with the navy, so he joined it. As long as life is this easy, he thinks he will stick with it.

C. M. Littleton liked to trade cars so much that he decided to start a used car lot in Micro so he could drive any kind of car he wanted to.

Floyd Watkins liked athletics so well that he went to college and then went back to Micro and applied for a job as Physical Ed. teacher, and he received the job. He now has an excellent ball team and is expecting to win the championship this year.

Harold Medlin stayed around home a few years and then decided to join the army and is still with it.

With all this information I suddenly awoke by the ringing of a bell which was the alarm clock. This meant it was time for work again. Maybe in near future I shall meet some of my old friends again, and we can have a little chat.

Prophetess: Joyce Flowers

## CLASS SONG

The Senior Class of 58,  
We say good-bye to you our old dear classmates.  
Across the plains of life where we must ever stay,  
We might see you again someday  
In County Down, in old New York, or even London Town.  
No more will we be Seniors here again,  
For now our life will soon begin.

The Senior Class of 58  
Will linger on when we have gone  
Our fortunes we must make.  
As we go out to meet the world,  
We hope to find, piece of mind  
In everything we undertake.  
We might see you again someday  
In County Down, in old New York, or even London Town  
We leave you now with tearful heart you see,  
For on our way we'll have to be.

## CLASS MOTTO

## CLASS POEM

We the class of 58  
Are not in number very great,  
But we love our dear old school  
Where our hearts and memories linger.

We entrust our lives to God  
Who has made us what we are;  
We share the joys and sorrows  
Of life that we must bare.

And face each day with hope anew  
That we will live a life that's true  
To God, our parents, and ourselves,  
For we are the leaders of Tomorrow.
